PROFILE

I'm a Full Stack Developer located in Kochi, Kerala. I have serious passion for Frontend Development, UI Effects, animations and creating intuitive, dynamic user experiences.

Well-organized person, problem solver, employee with high attention to detail.

Interested in the entire Full-Stack spectrum and working on ambitious projects with positive people.

EMPLOYMENT HISTORY

Trainee Software Engineer, White Rabbit

Kochi

Jul 2022 — Sep 2023

- Proficiently trained in a diverse range of Frontend and Backend stacks, acquiring comprehensive skills in multiple technologies.
- Led as the team lead in the transformation of the company's static website into a dynamic platform using Next.js and Contentful, orchestrating the process to enhance user experience and functionality.
- Played a pivotal role as a full-stack developer in a project utilizing Angular and .NET stacks, contributing to the comprehensive development of the application.
- Led the end-to-end development of WordPress projects, showcasing expertise in creating fully functional and aesthetically pleasing websites.

Software Engineer, White Rabbit

Kochi

Oct 2023

- Led teams effectively as a proactive team lead, ensuring smooth collaboration and successful project outcomes.
- Singularly led the Frontend development of a React project, managing both UI and Frontend aspects, ultimately hosting it as an app on the HubSpot marketplace.
- Contributed as a Frontend developer to the renowned Game Awards website, servicing over 8 million users, and took charge of the UI and Frontend development for the Game Awards 2023 revamp.
- Currently engaged in two dynamic projects: one involving React development and the other utilizing Strapi and Next.js, showcasing adaptability and proficiency in diverse technology stacks
